Power for the People!!

Christine Rupp, Chair, Counties Energy Trust

Chair@countiesenergytrust.org.nz

For Counties Energy it has been a very busy time with the recent storm during the weekend of 12th February with Cyclone Dovi. We had 38% of the network affected without power and the line crews worked extremely hard to restore power to everyone. Falling trees and high winds did more damage than the storm back in April 2018. Cyclone Dovi took an extensive scenic route around the network and wreaked major damage in the time it took to disappear. The wet and miserable conditions to repair and restore lines proved difficult and dangerous to the linesmen. Our thanks go to them for their great efforts. It's times like this that you appreciate the power when it is restored.

The company can't stress enough how important it is to keep your trees trimmed especially those near our lines. I noticed in my rural area, trees and large branches were snapped off at various heights and from different directions. If you have our APP, you would have noticed how the "Red" showed extensively for about 5 days. Let's hope we don't have too many storms like this in future.
